

# Communication network base station in South Tarawa

Does Tarawa have a cellular network?

Over half of the population lives in South Tarawa, which has relatively modern telecom infrastructure, whereas tens of thousands of residents on outer islands have little to no network coverage [worldbank.org](#). Villages on distant atolls often lack even 2G cellular signals or public internet access points.

Is Ocean-Link implementing 4G in South Tarawa?

A statement from Ocean-Link said the mobile network 4G upgrade started early this year. The company has also implemented the 4G core network at Betio and is implementing 4G base stations in most areas on South Tarawa. It said Ocean-Link fast 4G services are now available in Betio, Bairiki, Teoraereke, Ambo and Bikenibeu.

Will South Tarawa have a 5G rollout?

In the long run, once the cables are in place and 4G LTE is fully utilized, a 5G rollout in South Tarawa could be considered to meet growing demand for data and advanced applications. For the outer islands, ongoing efforts will focus on extending 3G/4G coverage.

How many base stations were upgraded in the new network rollout?

In the new network rollout 33 base stations were upgraded, 13/33 of which is 4G/LTE sites, 5/33 of which is 4G+, 33 - 3G Sites and 23/33 - 2G sites. Vodafone Kiribati is a subsidiary of state-backed Fijian telecom company Amalgamated Telecom Holdings (ATH) and is Kiribati's #1 supplier of mobile, fixed line and broadband services.

Does Kiribati have a telecom network?

**Infrastructure Limitations & Geography:** Kiribati's island geography makes traditional telecom infrastructure deployment extremely difficult. The 33 atolls are spread thousands of kilometers apart, so laying fiber-optic cables domestically is impractical and microwave links cannot span such distances [budde.com.au](#).

How did Kiribati reform the telecom sector?

**Regulatory Reforms and Liberalization:** To implement its vision, Kiribati undertook major telecom sector reforms in the 2010s. The Communications Commission of Kiribati (CCK) was established as an independent regulator to oversee licensing, spectrum, and consumer protection [documents1.worldbank.org](#).
