

The company specializes in solar energy production and offers battery systems, which could be relevant for those interested in energy storage solutions like sodium ion batteries.

May 4, 2023 · Croatian high-performance EV component supplier and car manufacturer Rimac Technology has developed a novel battery ...

The battery storage system provides energy balancing and maintains grid stability on the island of Vis. The system operates on Li-ion batteries ...

Search for keywords, themes and companies to discover the innovators and disruptors. Open data crawled and crunched. 200,000+ ranked companies.

The company specializes in solar energy production and offers solutions that enable customers to harness on-site solar energy, which can significantly reduce electricity costs. Their expertise ...

The landscape of utility-scale battery storage costs in Europe continues to evolve rapidly, driven by technological advancements and increasing demand for renewable energy integration. As ...

Aug 31, 2023 · Woodburn Capital is deploying a co-located battery storage project in Croatia, with final rules around connecting to the grid expected ...

Apr 22, 2024 · The Government of Croatia is preparing EUR 500 million for the installation of batteries for storing renewable energy.

Oct 13, 2025 · The Croatian government has allocated almost EUR20 million (\$23.2 million) of European Union Modernization Fund grants to help complete a 60 MW/120 MWh battery ...

Nov 8, 2023 · The global demand for renewable energy has led to the rise of battery energy storage system companies, also called BESS companies, ...

Rimac Group To Enter Stationary Energy Storage Systems Market The new Rimac Energy subsidiary will start ESS mass production in 2025 in ...

Nov 11, 2025 · The European Bank for Reconstruction and Development (EBRD) has announced a direct equity investment of up to EUR16.8 million in IE-Energy Projekt, a newly established joint ...

Croatian energy storage company Rimac Energy is designing, developing, and manufacturing innovative battery energy storage systems in Europe, and it not only helps local economies, ...

Croatian smart lithium battery storage for homes, businesses and utilities. AI-driven control cuts energy costs and increases safety and reliability.
