

What is anern SL-X double-sided solar street light?

Anern SL-X double-sided solar panel solar street light increases the power generation and efficiency by 20%-30% compare similar products. The LED lighting source uses 5050 SMD with self-developed lens to achieve the maximum luminous to 210lm/w. Contact us!

What is a double sided solar street light (SL-X)?

The LED lighting source uses 5050 SMD with the self-developed lens to achieve the maximum luminous to 210lm/w. At the same time, the adjustable brackets of this China solar light can also meet different requirements of the road. The Details of Double-sided solar panel solar Street Light (SL-X)

What is anern solar street light?

AN-SL-X series this series of Anern solar street light uses double-sided high-efficiency Monocrystalline solar panels, which can increase the power generation and efficiency by 20%-30% compare to similar products. The LED lighting source uses 5050 SMD with the self-developed lens to achieve the maximum luminous to 210lm/w.

What makes anern SL-X solar street light different?

Optional 24-hour work external camera,mobile APP monitoring. Anern SL-X double-sided solar panel solar street light increases the power generation and efficiency by 20%-30% compare similar products. The LED lighting source uses 5050 SMD with self-developed lens to achieve the maximum luminous to 210lm/w.

How long does a solar street light last?

12hrs motion sensor control (Bright lighting 30secs when people move through the light)+Remote Controller. We promise to use A class new LifePo4 battery,reject defective and used battery,lifespan up to 8 years. The Specification of Double-sided Solar Panel Street Light (SL-X) The Production of Double-sided solar panel solar Street Light (SL-X)

Why should you choose a double side solar panel?

The double-side solar panel has higher power generation and efficiency. Maximumly improved the power generation by 20%-50%. An adjustable angle bracket can be adjusted to meet the lighting requirements of different projects. 12hrs motion sensor control (Bright lighting 30secs when people move through the light)+Remote Controller.

Dual-sided solar bollard light with illumination in opposite directions. A square-shaped solar panel provides higher power output for improved performance.

3 days ago · All in two solar-powered led street lights manufacturers based in China, offer high-quality street lights with customized spec service. Get a ...

Automatic Three Sided LED Solar Street Lights New Rural Household Courtyard Outdoor Lights with IP65 AC Power Supply

The PTEROSAUR Series is the innovative double-sided power generation high-power integrated solar street light created by BlueSmart in 2021. The perfect combination of beauty and ...

3 days ago · PV6 series smart all in two solar street lights are equipped with an external high-efficiency polycrystalline solar panel whose orientation ...
