

What is a 220V power supply?

This 220V power supply is equipped with PFC, short-circuit proof and protected against over voltage and overheating. This stabilized 220V power supply can provide DC power of up to 12A and an output power of 3000W. The output voltage is adjustable at the front between 37.5V and 260V, making the power supply suitable for many purposes.

Can I operate a high voltage power supply designed for 220VAC?

Can I Operate a high voltage power supply designed for 220Vac,single phase from a 208Vac,three phase electrical service? The simple answer is yes,if you connect any two phases of the 208Vac electrical service to the two AC input wires (solid brown and solid blue) you can operate the power supply.

How many external power supplies are there in the EU?

In 2020,1.7 billion external power supplies(EPS) were in use in the EU27,of which 75% for residential use,on average 6.5 units per EU household. They converted 48 TWh/a of electricity from the 220V mains to the input needed by the powered products.

What is the new regulation on power consumption?

From April 2020,Regulation (EC) 278/2009 was replaced by Regulation (EU) 2019/1782. The rules apply to both the active efficiency and the no-load power consumption. Active efficiency is the average efficiency when a power supply is connected to a device,for example a laptop,when it is being used.

What is no-load power consumption?

No-load power consumption is the power consumed when this is plugged into a power outlet but not connected to a device. Voltage converters,uninterruptible power supplies,battery chargers,halogen lighting converters and external power supplies for medical devices are excluded from these requirements.

How much money will EU27 users save on external power supplies?

In 2020,due to Ecodesign measures,EU27 users saved EUR 0.9 billionon external power supplies. This is projected to increase to EUR 1.3 billion in 2030,a 16% saving. In 2030,the annual household expenses for EPS are projected to decrease from EUR 33 (without measures) to EUR 28.
